## MUST GROW MORE COTTON

President Walmsley Says That Our Supply Must be Increased to Meet Demand.

### BELT SHOULD BE DEVELOPED

New England Cotton Manufacturers in Session at Boston. The President's Address.

(By Associated Press.)

BOSTON, April 27.—In his annual address to the members of the New England Cotton Manufacturers' Association, which began its yearly convention here today, President Herbert E. Walmsley said that one of the most pressing questions engaging the attention of the cotton world to-day was that of the development of the resources of the Southern cotton belt. He held that it was essential to the interests of the United States, as a producer, manufacturer and exporter of cotton; that the supply from our fields be increased and its cost reduced so as to retain an enormous source of wealth to the country. He expressed the belief that the trade would never be free from "unlawful high prices, speculation and unsatisfactory and harmful fluctuations, until there is an ample supply of the raw material.

Mr. Walmsley thought that the result of the disastrous twelve months just passed with its shortage of cotton and its speculative manipulation would ultimately prove a blessing in disguise for the entire manufacturing world. It was not unreasonable, he said, to anticipate a revival of trade at remunerative prices and a return to a long period of prosperity.

Speaking of the labor problem, the president said it might be a long time before a uniform working day or week was established in the United States, but when the necessity for it was recognized, he said, it would inevitably come. He pointed out that the margin of profit in cotton manufacturing was now so small that such a difference as exists in the working hours in different States, particularly between the North and South, was enough to compel a removal to the South where there are longer labor days, or else a suspension of business altogether.

Mr. Walmsley said that it would appear that relief may come through immigration from Southern Europe for the development of the cotton fields. He suggested that the economic might become in him an ambition to supply it, and for years he put his mind day and night to its accomplishment. At last he was rewarded, and his invention has the emphatic approval of master mechanics in the large shops of this and other large cities. At the World's Exposition he has secured space to exhibit it to the hundreds of thousands who will attend there.

### Richmonder's Invention.

Mr. W. A. Nunnally, an employee of the Chesapeake and Ohio Railway Company at this shop in this city, is the city on Tuesday for St. Louis, where he goes to superintend the exhibit of a time and labor-saving invention of his, known as the "Combination Adjustable Quaternary Level."

Attention is called to this invention, as its inventor merits special notice from the fact that while working at the lathe he saw the need of a time-saving device in adjusting certain parts of the machinery of engines. This need aroused in him an ambition to supply it, and for years he put his mind day and night to its accomplishment. At last he was rewarded, and his invention has the emphatic approval of master mechanics in the large shops of this and other large cities. At the World's Exposition he has secured space to exhibit it to the hundreds of thousands who will attend there.

### Girls Repeat the Drill.

The military drill which was so successfully given by twenty-three young ladies in the lecture room of Broad Street M. E. Church two weeks ago, will be repeated to-night at 8:30 o'clock. A fine musical and literary programme has also been arranged. After the programme refreshments will be sold in the parlor, in rear of the church.

### LOUISIANA CONVENTION.

Republicans Hold Meeting and Stand by Roosevelt.

(By Associated Press.) NEW ORLEANS, April 27.—While cheering every reference to the recent overwhelming defeat of the "Lily White" ticket in the State election, the regular Republicans met here to-day, strongly endorsing President Roosevelt and his administration, and sent a mixed delegation to the national convention. Thirty-nine parishes and sixteen wards of New Orleans were represented. Three-fourths of the convention comprised negro delegates, but there were many old line Republican leaders present.

Four delegates at large were elected, as follows: Walter Cohen, H. B. N. Brown, Emil Kuntz and Gerault Farrar.

The first two are representative negroes. The resolution adopted demanded the enforcement of Louisiana and the separate race laws of all the Southern States, and appeals to Congress to pass laws against lynchings; declares that Lily Whites knocked the negro down in the State campaign, only to embrace him now, in the hope of holding on to the Federal office, and pledges unflinching support to President Roosevelt, his administration and his candidacy.

### GUN IS FIRED WHEN SOUL PASSES AWAY

(Special to The Times-Dispatch.)

SALEM, N. J., April 27.—Notwithstanding the utmost care from the physician and township committee, there has been another death from smallpox in Lower Alloways Creek township. The victim is Mrs. Frank Sheppard.

Mr. Sheppard has a code of signals with his neighbors, and when he fired a gun twice in front of the house the neighbors knew that there had been a death. The township committee had a grave dug on the farm and undertaker C. W. Denn was instructed to leave a metallic coffin about a mile from the house, along the road. Mr. Sheppard, assisted by his children, buried the body. Nine children have been exposed to the disease. All have been vaccinated.

## DEATH OF MR. HUGHES

Well Known Character in Henrico County Passes Away.

### EXCITEMENT IN NEWTOWN

Only Six Licenses Granted Under the Mann Law—Mrs. Samuel III.

After a long illness, Mr. James Hughes, one of the best known figures in Henrico county, died Tuesday afternoon at his home in Varina District.

Mr. Hughes was about eighty-four years of age, and was identified with the history of the lower end of the county. He was a farmer, but in recent years increasing feebleness robbed him of much of his former activity. In politics he was a Republican, and a man of no inconsiderable influence. He filled the office of supervisor of Henrico from Varina District for several terms. It is said that he could carry his district against all opponents. His high integrity and cordial disposition made him a favorite for whom everybody voted without much regard to political coloring. It is a curious fact about him that while a man of excellent judgment and fine business capability, he had but scant education. One of his old friends said yesterday that he could write his name, but had to stop at that. He could scarcely read.

The funeral will take place at 3 o'clock this afternoon from the Central Baptist Church in Varina.

Considerable excitement prevailed last night in Newtown. Reports received at the courthouse as to the effect that a row among a gathering of negroes developed some intense situations, in which pistols played a conspicuous part.

Two negro men, Alex. Green and Andrew Warden, were arrested last night and locked up in jail. They are charged with fighting and gun play and with assault and battery. The officers are on the trail of another negro, charged with participation in the fracas.

In all that section of Henrico county lying beyond a half mile from Richmond there are about six saloons. All of this territory comes under the Mann law, requiring applicants to present petitions signed by a majority of the qualified voters. The Circuit Court, acting under this law, has granted licenses to Sullivan and Sweeney in Varina; Furman and Bowery and Rebeck in Fairfield, and Henley in Tuckahoe. This is one less than last year. There is no saloon in Brookland District within the territory covered by the Mann law, and in the entire upper end of the county there is but one—Henley's, in Tuckahoe.

The Sunday School Association of Upper Henrico will hold its annual meeting with Bethlehem Baptist Church on Sunday, May 1st, at 3:30 P. M. The reports of all the schools in the association will be received and officers will be elected for the coming year. Speeches are expected from Messrs. James B. Winston, T. H. Elliott, A. V. Shelton, D. W. Bowles, Hon. Lewis Tamm and others. The present officers are John E. Broadbent, president; A. V. Shelton, vice-president; and Allie B. Childrey, secretary.

The condition of Mrs. T. H. Samuel, wife of Constable Cyclopedia Samuel, continues quite serious. Mrs. Samuel has

### Resolutions of Respect.

At a meeting of the Board of Directors of the Southern Trust Company, called for the purpose of taking suitable action in regard to the death of Mr. John Addison, late president of the company, the following report of the Committee on Memorial Resolutions was unanimously adopted:

"The common with the entire community, the officers and stockholders of this company mourn the death of John Addison; as president of the Southern Trust Company; he discharged the duties of his office with uncommon zeal and exceptional ability; and as a member of its Board of Directors, he was a wise counselor and a valued associate;

"Though his bearing was characteristically retiring and unobtrusive, yet he possessed great force of character, and was endowed with rare qualities of heart and mind; his judgment was sound, his discretion excellent, and his fidelity to every trust was unswerving;

"His convictions were always just—his courage, when occasion demanded their assertion, they rang true as tempered steel;

"With innate modesty, he shrank from all appearance of ostentation; his long life was full of good deeds, quietly performed, of active useful services, faithfully rendered;

"He was elevated in thought, gentle in manner, pure in heart, and honorable in conduct; in all the relations of life he evinced the traits of a character and measured up to the highest standard of integrity; therefore, be it,

"Resolved, first, That in the death of John Addison, the Southern Trust Company has lost a faithful friend, as well as an able and efficient officer;

"And second, That the sympathy of the officers and stockholders of this company are hereby extended to his bereaved family; that a copy of this memorial be furnished by the company to his widow, that the same be spread upon the records of this company, and published in the daily papers."
